The Response Group
 Emergency Response, Fire Training & Support
 281-880-6000
 Scale: 1:63,045

Legend

- Deployed Hard
- Deployed Sorbent
- Proposed 5-7-2010

Total Amount of Boom in Division:
 Deployed Boom: 15,200'
 Proposed Boom: 13,200'

- Maintain boom deployments as weather permits.
1. Continue to deploy 800' of protection boom at the entrance of Ocean Spring.
 2. Deploy 2200 ft of boom from Fort Point to Point Ascot.
 3. Deploy 3,100' of chevron boom pointing south from Point Ascot to Langley Point.
 4. Deploy 2,400' of protection boom from NE corner of Big Island at 45deg angle to the opposite shore.
 5. Deploy 2,400' of cascaded boom from the southeast corner of Big Island at a 45 deg angle toward Biloxi. Ensure gap allows for boat traffic to transit thru the area.
