

CSXT RESUMES TRAIN OPERATIONS

**CSX Transportation will resume train operations
in this area on Feb. 1.**

**Stay safe by remembering that trains can't stop quickly – it can
take an average train more than a mile to stop.**

**Due to Hurricane Katrina damage, CSXT has not been running
trains in this area. Now, with the Gulf Coast line almost
completely rebuilt, operations will resume.**

**CSXT and Operation Lifesaver remind you to use
caution at all rail crossings and to stay off
potentially dangerous railroad property.**
