

HOOSIER BUDDY?

Indiana State Police Disaster Relief Project

Time to help those who helped us.

A recent tornado ripped through and destroyed several Indiana State Police Officers' homes and all their belongings. Several of the same Indiana State Police Officers responded to the Mississippi Gulf Coast after hurricane Katrina and worked side-by-side with local agencies in the area to help in anyway possible with the relief efforts. Now it is our turn to "help those who helped us."

Due to recent overwhelming support, the City of Biloxi and Rena's Deli have decided to hold this fund raising event again; however, we are going bigger and better!
