

Informational meeting for upcoming city work

Phase 1 of South Contract ■ Biloxi Visitors Center ■ Wednesday, Dec. 13, 5:30 p.m.

Dec. 6, 2017

My fellow Biloxian:

The city's massive infrastructure project is moving south of the CSX railway, to your neighborhood.

This postcard is to give you particulars on the work, to provide you contact information should any issues arise during the work, and to make you aware of an upcoming meeting where City staff and Contractor will give an overview of the project and answer any questions.

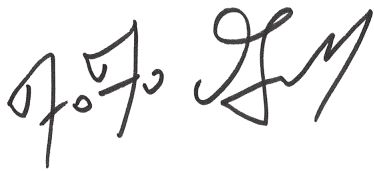

The 800-day, \$23 million project that begins in January represents Phase 1 of the "South Contract." This phase will cover, generally, between U.S. 90 and Irish Hill Drive and Howard Avenue, from the Seashore Methodist site on the west, to Interstate 110 on the east.

The project will see the replacement of water and sewer lines, storm drains, asphalt, and sidewalks and curbs. As part of the project, one sewer pump station will be eliminated, and one will be rehabilitated.

Major thoroughfares, including Irish Hill, U.S. 90, Howard Avenue, White Avenue, and Porter Avenue, will all experience intermittent detours or lane closures as necessary. Detours will be clearly marked. To be clear, the work will impact nearly every street within these boundaries, but not at the same time.

The work is scheduled to begin in January 2018 and be completed in March 2020.

A public meeting to discuss Phase 1 of the South Contract will be Wednesday, Dec. 13 at 5:30 p.m. at the Biloxi Visitors Center, on U.S. 90, north of the Biloxi Lighthouse. Representatives from the City, and contractor Hemphill Construction will be on hand to answer any questions you might have. Try to attend this informational meeting if you want to learn more.

Mayor Andrew "FoFo" Gilich and the Biloxi City Council

George Lawrence • Felix O. Gines • Dixie Newman • Robert L. Deming III
Paul A. Tisdale • Kenny Glavan • Nathan Barrett
