

# MEAP

Mississippi Emergency Access Program

A consistent, proven approach for expedited access supporting law enforcement and emergency management nationwide.

Leverages existing IDs, devices and networks securely to support reentry, transit and mutual aid.

Organizations pre-enroll their personnel so they are verified, prepared and coordinated when an event strikes.

Standard QR access codes on vehicle placards, authorization letters, ID cards or mobile devices are verified offline or online.

Easy to use online and mobile tools manage events, authorize personnel, generate QR access codes, control access and curfews, and check personnel in and out.

For more info or to register go to [ERITN.com](http://ERITN.com)

**NOTE: No cost to government organizations.**

## EASY TO PARTICIPATE

1. Register your organization as a trusted agent at [ERITN.com](http://ERITN.com)
2. Enroll your personnel and their required credentials
3. Issue QR access codes, placards, and letters to your personnel
4. Present QR access code, placard or letter to checkpoint / aid desk

## SOLVES KEY CHALLENGES

**Access:** Emergency responders and essential personnel need expedited access after a crises. Delay can negatively impact mutual aid, response support, and local and regional economic recovery.

**Coordination:** Emergency management, public safety, critical infrastructure, and their support teams must coordinate before, during, and after a crisis to help speed up economic recovery.

**Trust:** Credentials and qualifications (employer, roles, skills) of personnel need to be recognized and verified for decision makers to approve access or activate mutual aid.

## THOUSANDS OF ORGANIZATIONS ENROLLED

Thousands of organizations, tens of thousands of personnel, enrolled across every sector. Large multinational companies, local businesses, government and military, volunteer organizations...all types and all sizes already coordinate using **MEAP** to respond, repair, restart and rebuild Gulf Coast local economies safely and securely.

Used by emergency managers and law enforcement statewide and along the Gulf Coast. Make sure your and your vendors' personnel are recognized, enroll today!
