

Biloxi Port Division
Larry Sablich, Manager

Annual Report 2019

Despite inclement weather, we hosted the Gulf Coast Billfish Classic Tournament and the Biloxi King Master Tournament which brought over 200 boats to Point Cadet Marina. Point Cadet Marina had a major electrical upgrade which enhanced the current power needs for tenants and for tournament boats.

A new crosswalk was installed to connect the Biloxi Small Craft Harbor to the North side of Highway 90. The new crosswalk features cameras for security. In addition, the new Gold Star Family Monument was constructed in the Biloxi Small Craft Harbor. Sherman V. Canaan Back Bay Fishing Dock repairs are in the works and will begin in the upcoming year. Cameras are soon to be installed for the municipal marinas in 2020.
