Re: Recommendations for Tree Permit Application for the Ocean Club Villas Apartments

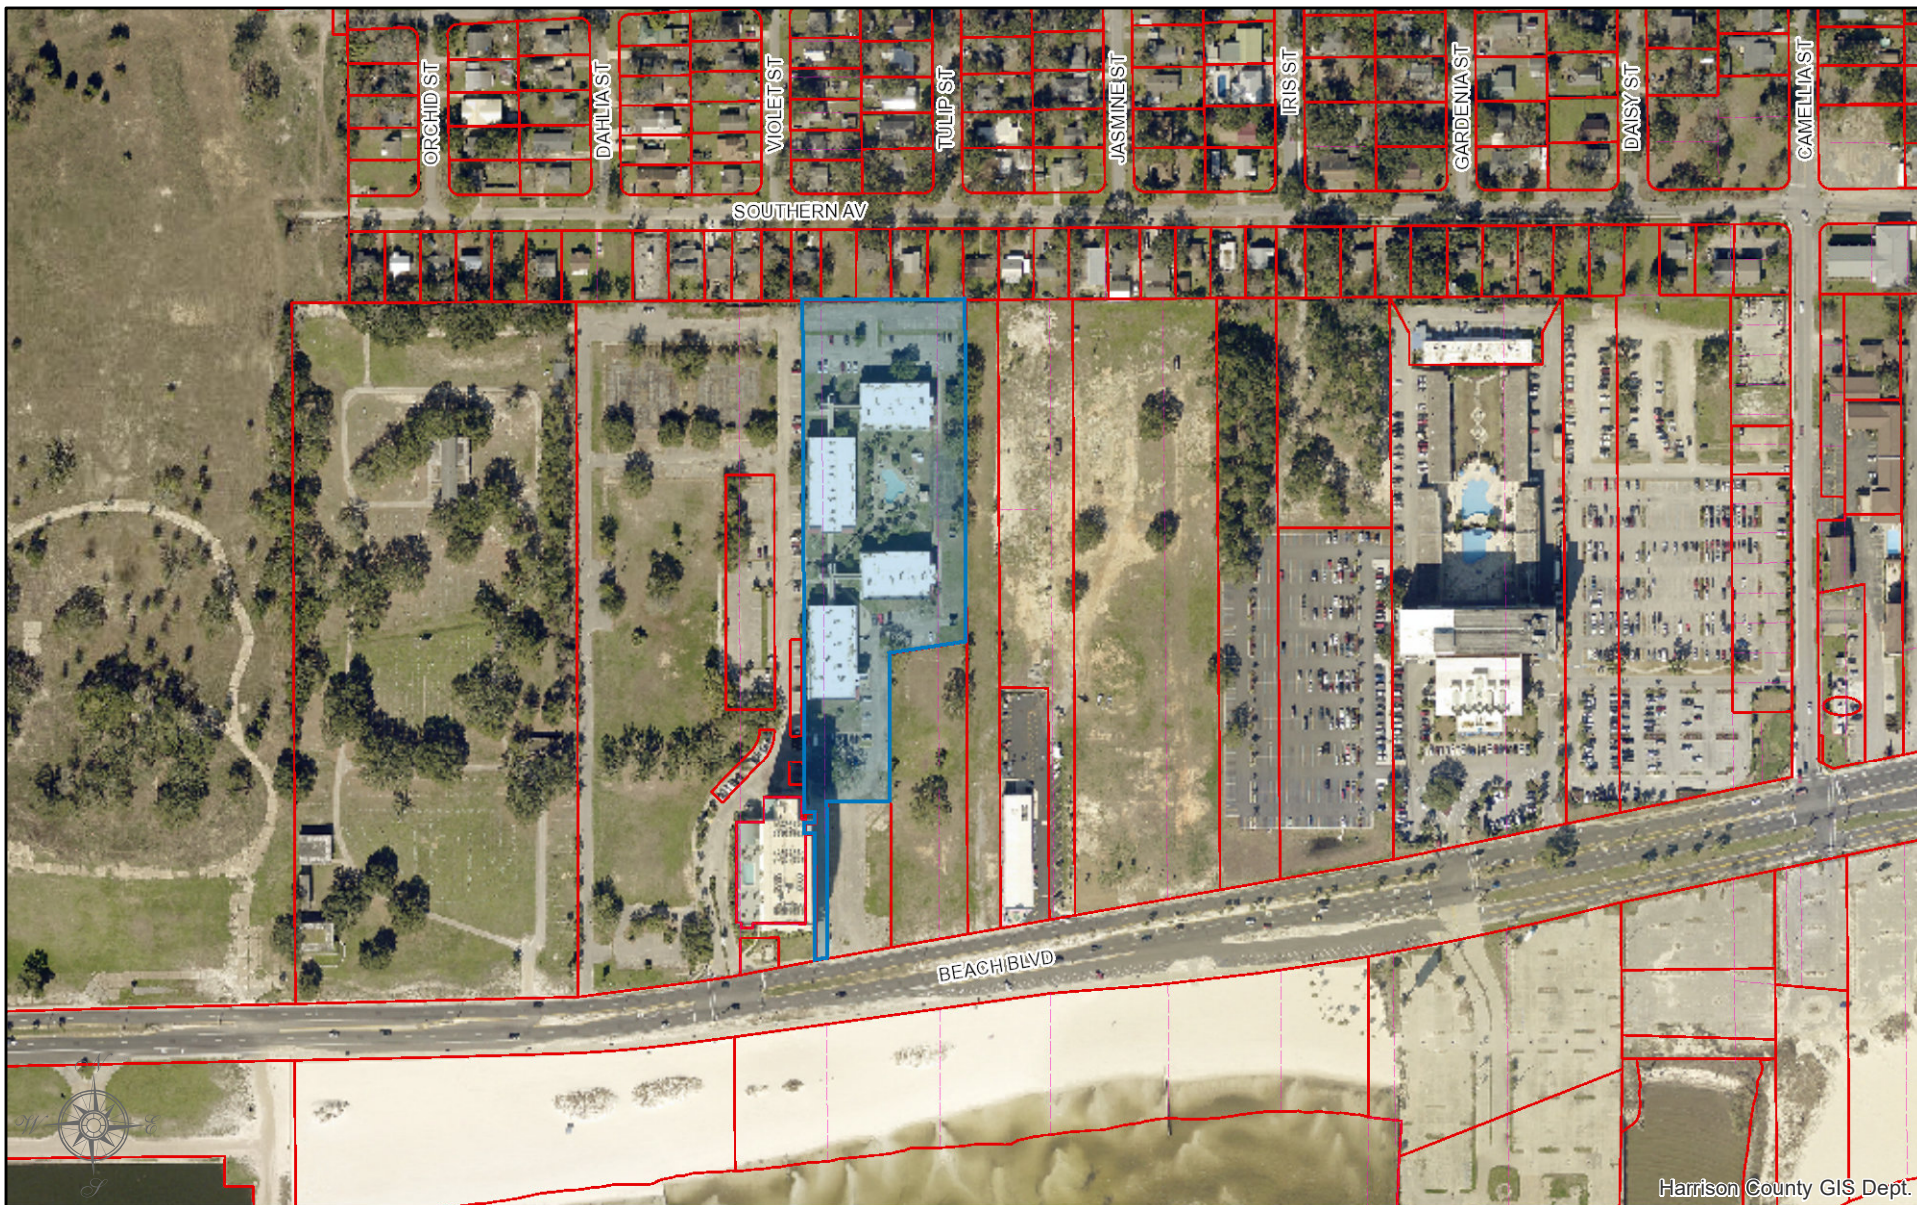

Ocean Club Villas Apartments has applied to remove four magnolias and one live oak, for a total of five trees. They are well-established and healthy.

We recommend the trees remain and not be approved for removal since there is not apparent damage to any structure. The trees can be maintained to avoid future damage.

However, if the City Arborist chooses to approved the removal of these protected trees, the TC recommends that mitigation occur on-site at a rate of 3:1 with the same species as those removed.
