

Happy Earth Day!

Celebrate Earth Day with
Coast Transit Authority
on Saturday, April 22, 2023,
from noon to 3:00 p.m.,
at the CTA Biloxi Transit Center!

The Biloxi Transit Center is located at 820 Martin Luther King Jr. Boulevard in Biloxi. The public is invited to see CTA's environmentally friendly bus fleet that helps preserve the beautiful Mississippi Gulf Coast. The bus fleet will include CTA's Battery Electric Bus (BEB) as well as a hybrid electric and dual-fueled (gas and propane) bus on display. There will be giveaways available that day. Coast Transit Authority continually adds to "go green" efforts with environmentally friendly advances in public transportation.
