#### Ordinance No. 2545

ORDINANCE TO APPROVE A ZONING MAP AMENDMENT, TO AUTHORIZE A CHANGE IN ZONING DISTRICT CLASSIFICATION FOR SEVENTY-THREE (73) PARCELS OF LAND, FROM THEIR PRESENT ZONING DISTRICT CLASSIFICATION OF A-AGRICULTURAL AND RB-REGIONAL BUSINESS TO LB-LIMITED BUSINESS, A-AGRICULTURAL, AND AR- AGRICULTURAL RESTRICTED

WHEREAS, on Thursday, July 6, 2023, the Biloxi Planning Commission held a public hearing in the Auditorium of the Dr. Martin Luther King, Jr., Municipal Building, 676 Dr. Martin Luther King, Jr. Boulevard, Biloxi, Mississippi, to hear Case No. 23-052-PC, City of Biloxi, a request for Zoning Map Amendment, for seventy-three (73) parcels of land along Old Highway 67; and

WHEREAS, the Planning Commission members were apprised of the particulars of this case, being made cognizant of the fact that the City of Biloxi, had submitted this request for Zoning Map Amendment, to authorize a change in zoning district classification for seventy-three (73) parcels of land, approximately four-hundred and sixteen (416) acres (more or less) from their present zoning district classifications of A-Agricultural and RB-Regional Business to NB-Neighborhood Business, for properties along Old Highway 67; and

WHEREAS, on July 6, 2023, the Biloxi Planning Commission, after much discussion, input from neighbors, and careful reflection upon the particulars of this case, voted to table this matter, pending an explanation of drainage in that area from the City of Biloxi Engineering Department; and

WHEREAS, on Thursday, December 7, 2023, Christy Lebatard, City of Biloxi Engineering Director, attended the Planning Commission meeting and identified the drainage in the area, pointing out wetland areas, and large drainage basins: and

WHEREAS, on Thursday, January 18, 2024, the Biloxi Planning Commission held a second public hearing in the Auditorium of the Dr. Martin Luther King, Jr., Municipal Building, 676 Dr. Martin Luther King, Jr. Boulevard, Biloxi, Mississippi, to revisit Case No. 23-052-PC; and

WHEREAS, on January 18, 2024, the Biloxi Planning Commission, after much discussion concerning drainage, and input from neighbors, a recommendation was made to rezone parcels west of Paradise Lane to Jake Husley Road from A-Agricultural and RB-Regional Business to LB Limited Business (a less intense commercial zone than NB), and all parcels east of Paradise Lane recommended to be rezoned from A-Agricultural to AR Agricultural Restricted, this motion failed with a vote of 2-8-1; and

WHEREAS, on January 18, 2024, the Biloxi Planning Commission, voted 6-5-1 to recommend denial of this request for Zoning Map Amendment, having determined that no mistake in original zoning was found, and that no significant change in the character of the neighborhood had been established at these locations; and

WHEREAS, the Biloxi City Council, after consideration of all facts presented, hereby rejects the report and findings of the Biloxi Planning Commission, and in so doing, determines that approval of this Zoning Map Amendment to the lesser zoning classification of LB-Limited Business, AR-Agricultural Restricted, and to retain A-Agricultural zoning on certain parcels, is appropriate for seventy-three (73) parcels of land, Case No. 23-052-PC, City of Biloxi, as detailed below:

The following parcels shall be rezoned from A and RB to LB-Limited Business: 1308D-02-019.000; 1308D-02-017.000; 1308D-02-020.000; 1308D-02-017.001; 1308D-02-016.001; 1308D-02-015.000; 1308D-02-018.000; 1308D-02-011.000; 1308D-02-013.001; 1308D-02-013.000;

1308D-02-012.000; 1308D-02-003.000; 1308D-02-004.000; 1308D-02-014.000; 1308D-02-015.001; 1308D-02-009.000; 1308D-02-010.000; 1308D-02-015.002; 1308D-02-016.000; 1308D-02-006.001; 1308D-02-006.000; 1308D-02-005.000; 1308D-01-001.002; 1308D-01-005.002; 1308D-01-001.001; 1308D-01-002.000; 1308D-01-005.000; 1308D-01-006.000; 1308D-01-005.001; 1308D-01-007.000; 1308D-01-008.001; 1308D-01-009.001; 1308D-01-004.001; 1308D-01-004.002; 1308D-01-002.004; 1308D-01-004.000; 1308D-01-008.000; 1308D-01-003.001; 1308D-01-003.000; 1308D-01-002.003; 1308D-01-002.002; 1308D-01-002.001; and The following parcels will retain their current zoning of A-Agricultural: 1308C-02-001.000; 1308C-01-008.000; 1308C-02-001.003; 1308C-01-011.002; 1308C-01-012.001; 1308C-01-009.000; 1308C-02-001.005; 1308C-01-003.001; 1308C-01-005.001; 1308C-01-005.000; 1308C-01-012.000; 1308C-02-001.004; 1308C-01-005.002; 1308C-01-010.000; 1308C-01-003.000; 1308C-01-011.000; 1308C-02-001.002; 1308D-01-001.000; 1308C-02-001.001; 1308C-02-001.006; 1308C-01-013.000; 1308C-01-013.001; 1308D-01-001.003; and The following parcels shall be rezoned from A to AR- Agricultural Restricted: 1308C-02-002.000; 1308C-01-001.000; 1308C-02-003.000; 1308B-03-001.000; 1308D-02-001.000; 1308D-02-002.000; 1308B-01-001.000; 1308B-02-001.000.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF BILOXI, MISSISSIPPI, REJECTS THE PLANNING COMMISSION RECOMMENDATION, AND APPROVED THIS REQUEST BASED UPON A DETERMINATION THAT A CHANGE IN THE CHARACTER OF THE NEIGHBORHOOD IN THIS AREA OF THE CITY OF BILOXI, COUPLED WITH A VALID COMMUNITY NEED

FOR CONSIDERATION OF ADDITIONAL USES AT THESE LOCATIONS HAS BEEN ESTABLISHED, THAT THE FOLLOWING SHALL BE AUTHORIZED:

SECTION ONE: That the boundaries of the Geographical Information System Format Zoning District Map of the City of Biloxi, Mississippi, as amended, be hereby further amended by a change in zoning district classifications from A-Agricultural and RB-Regional Business to LB-Limited Business, AR-Agricultural Restricted, and to retain A-Agricultural for land presently identified as seventy-three (73) parcels of land along Old Highway 67, and described as follows: The following parcels shall be rezoned from A and RB to LB-Limited Business: 1308D-02-019.000; 1308D-02-017.000; 1308D-02-020.000; 1308D-02-017.001; 1308D-02-016.001; 1308D-02-015.000; 1308D-02-018.000; 1308D-02-011.000; 1308D-02-013.001; 1308D-02-013.000; 1308D-02-012.000; 1308D-02-003.000; 1308D-02-004.000; 1308D-02-014.000; 1308D-02-015.001; 1308D-02-009.000; 1308D-02-010.000; 1308D-02-015.002; 1308D-02-016.000; 1308D-02-006.001; 1308D-02-006.000; 1308D-02-005.000; 1308D-01-001.002; 1308D-01-005.002; 1308D-01-001.001; 1308D-01-002.000; 1308D-01-005.000; 1308D-01-006.000; 1308D-01- $005.001;\ 1308D-01-007.000;\ 1308D-01-008.001;\ 1308D-01-009.001;\ 1308D-01-004.001;\ 1308D-01-009.001;$  $01\text{-}004.002; \quad 1308D\text{-}01\text{-}002.004; \quad 1308D\text{-}01\text{-}004.000; \quad 1308D\text{-}01\text{-}008.000; \quad 1308D\text{-}01\text{-}003.001; \\ 01\text{-}004.002; \quad 1308D\text{-}01\text{-}002.004; \quad 1308D\text{-}01\text{-}004.000; \quad 1308D\text{-}01\text{-}008.000; \quad 1308D\text{-}01\text{-}003.001; \\ 01\text{-}004.002; \quad 1308D\text{-}01\text{-}002.004; \quad 1308D\text{-}01\text{-}004.000; \quad 1308D\text{-}01\text{-}008.000; \quad 1308D\text{-}01\text{-}003.001; \\ 01\text{-}004.002; \quad 1308D\text{-}01\text{-}002.004; \quad 1308D\text{-}01\text{-}004.000; \quad 1308D\text{-}01\text{-}008.000; \\ 01\text{-}004.002; \quad 1308D\text{-}01\text{-}008.000; \quad 1308D\text{-}008.000; \\ 01\text{-}004.002; \quad 1308D\text{-}008.000; \quad 1308D\text{-}008.000; \\ 01\text{-}004.002; \quad 1308D\text{-}008.000; \quad 1308D\text{-}008.000; \\ 01\text{-}004.002; \quad 1308D\text{-}008.000; \quad 1308D\text{-}008.000; \\ 01\text{-}004.000; \quad 1308D\text{-}008.000; \quad 1308D\text{-}008.000; \quad 1308D\text{-}008.000; \quad 1308D\text{-}008.000; \quad 1308D\text{-}008.000; \quad 1308D\text{-$ 1308D-01-003.000; 1308D-01-002.003; 1308D-01-002.002; 1308D-01-002.001; and The following parcels will retain their current zoning of A-Agricultural: 1308C-02-001.000; 1308C-01-008.000; 1308C-02-001.003; 1308C-01-011.002; 1308C-01-012.001; 1308C-01-009.000; 1308C-02-001.005; 1308C-01-003.001; 1308C-01-005.001; 1308C-01-005.000; 1308C-01-012.000; 1308C-02-001.004; 1308C-01-005.002; 1308C-01-010.000; 1308C-01-003.000; 1308C-

City of Biloxi Case No. 23-052-PC

#### **Zoning Map Amendment**

Agricultural and Regional Business to Neighborhood Business

#### **Planning Commission Case Fact Sheet**

Case No.:

23-052-PC

Applicant/Owner:

Tax Parcel/Ward:

City of Biloxi

Address of Property:

73 properties along Old Hwy 67 A list of properties is attached

Ward 6

Request:

Zoning Map Amendment

**Purpose of Request:** 

An application for a **Zoning Map Amendment**, to authorize a change in zoning district classification for seventy-three (73) parcels of land, from their present zoning district classification of A-Agricultural and RB-Regional Business to NB-

Neighborhood Business.

Size of Property:

416 acres (More or Less)

Present Zoning:

A-Agricultural and RB- Regional Business

Present Use:

Vacant land, Single Family Residential, & Commercial

**Most Nearly** 

**Bounded By (streets):** 

To the North and South of and fronting to Old Highway 67; to

the East of Hudson Krohn Road; and to the West of Highway

67

Adverse Influences:

A **Zoning Map Amendment** should only be authorized when conditions clearly suggest there is a mistake in the original zoning or a change in the character of the neighborhood is

apparent.

Positive Influences:

The zoning change proposed is consistent and in harmony with uses found upon adjacent or nearby properties, and represents the least zoning change needed to accommodate

the community.

### Letters or Concerns stated:

The Planning Division Office has not received any letters or other written communications relative to this case, as of January 11, 2024.

### Comments/ Recommendations:

The City of Biloxi has requested a **Zoning Map Amendment**, to authorize a change in zoning district classification for seventy-three (73) parcels of land, from their present zoning district classification of **A-Agricultural** and **RB-Regional Business** to **NB-Neighborhood Business**.

The applicant has requested this Map Amendment to ensure the area is compatible with existing and proposed uses surrounding the subject land and to establish a logical and orderly development pattern.

As with all requests for **Zoning Map Amendment**, discussion points should focus on the merits or demerits of the Zoning Map change proposed, considering the following criteria:

- Consistency (or lack thereof) with the Comprehensive Plan;
- Compatibility with the present zoning and conforming uses of nearby property and to the character of the neighborhood;
- 3) Suitability of the property affected by the amendment for uses permitted by the present district;
- 4) Suitability of the property affected by the amendment for uses permitted by the proposed amendment;
- 5) Change in the character of the neighborhood and established community need for uses permitted by the district applicable to the property at the time of the proposed amendment;
- Availability of utilities and infrastructure sufficient to address the impacts associated with the allowed uses in the proposed district; and
- 7) Mistake in the original zoning.

City of Biloxi
Case No. 23-052-PC
Zoning Map Amendment
Agricultural and Regional Business to Neighborhood Business

#### **Options:**

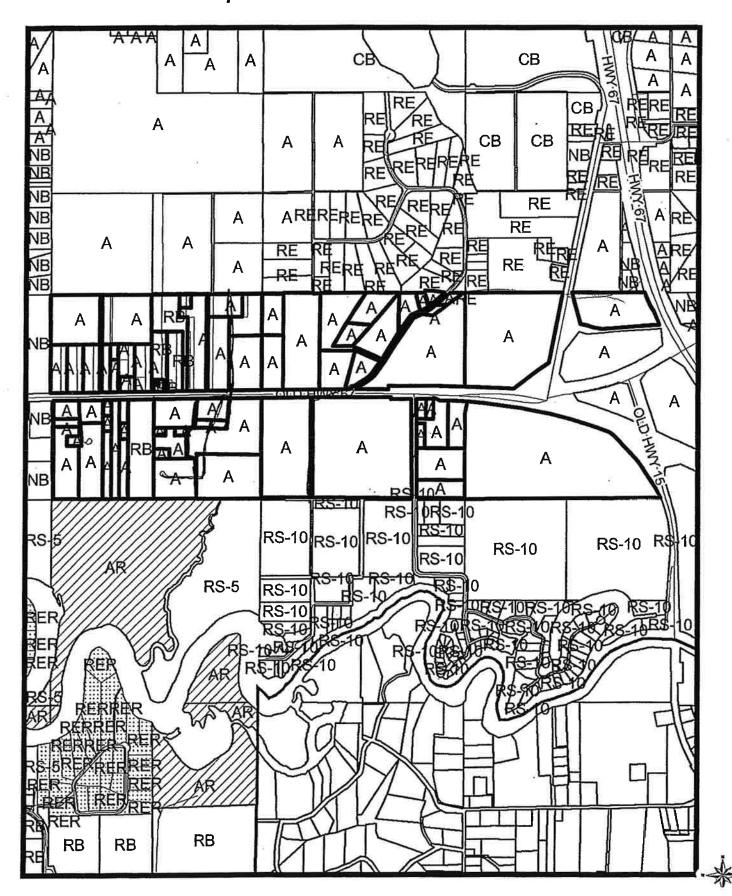

- Recommend approval of this request for Zoning Map Amendment, for seventy-three (73) parcels of land from their present zoning district classifications of A-Agricultural and RB-Regional Business to NB-Neighborhood Business, having determined that a Change in the Character of the Neighborhood is of evidence, and that this zoning change will authorize a consistent development pattern.
- 2. Recommend denial of this **Zoning Map Amendment**, having determined that insufficient evidence has been provided to establish that a mistake in original zoning is of evidence, or a Change in the Character of the Neighborhood, coupled with no valid Community need to warrant the level of zoning change, herein proposed for the parcels of land under consideration for zoning change.

the Commission, over of the -- from December 21st, which was the last meeting of the Planning Commission, through today, the department has issued 165 building permits with a construction valuation right at \$16.6 million. We have

collected \$68,000 in permit fees, issued licenses 13 for 13 new businesses and 67 renewals. We have 14

also issued 18 certificates of occupancy; 14 of 15

those were for short-term rental. Of the projects 16

issued permits, three -- well, I'm sorry, two were 17

for casino improvements, renovations to Beau 18 Rivage for a new seafood restaurant, renovations 19

to IP casino. We also issued a permit for the 20

addition to the White House Hotel and three new 21

single-family houses. 22

CHAIRMAN WASHER: 23

Thank you. 24

Continued public hearing, Case Number 25

23-052-PC, City of Biloxi. This is a request for 1 a zoning map amendment to authorize a change in 2 zoning district classification for 73 parcels of 3

land from their present zoning district 4

classification of A, Agricultural, and RB, 5

Regional Business, to NB, Neighborhood Business. 6 This case was originally advertised on 7

June 15th, '23, June 22nd, '23 and June 29th of 8 9 '23.

15 MR. LAMBERT:

It's the same video from last time, but 16

17 I did put new signs out.

CHAIRMAN WASHER: 18

Okay.

MR. LAMBERT: 20

I'm going to skip through a little of it 21

because it's a long video. That's it. 22

CHAIRMAN WASHER:

Okay. All right. Mr. Creel, you want 24 25

to help on this one?

#### MR. CREEL:

Yes, sir. You'll recall that originally the neighbors were concerned about some of the development that was happening along Old Highway 67 between new 67 and Hudson Krohn Road. Near Hudson Krohn Road and Cedar Lake Road, we have a new single-family subdivision there. We also have a new fire station there.

But in between, we had had some requests to go to RB zoning, and neighbors had concerns that this was not the direction that the property needed to go because RB kind of opens the door for some heavy commercial or quasi industrial-type of development there. So one of the things that we had recommended in bringing this case forward was that we -- rather than sit back and sporadically let property owners come in here and ask for whatever zoning that they wanted to, maybe we needed to set the vision for what could be developed along this corridor there, so we recommended NB.

We advertised NB, and it was with the understanding that if the Planning Commission and the Council felt that NB was too intensive, then we could always reduce it down to a lesser

intensive zoning than LB and some others, and I will get into that a little later.

So when it came before us, there was some opposition to even going to the NB, which is Neighborhood Business, which is the zoning that actually works next to single-family neighborhoods. There's also concerns about the drainage, and so the project was tabled pending a report by the city engineer to come in and talk about the drainage and how properties would be affected by the drainage if the development were allowed to go into this area.

So we had that report from the city engineer last month. She came in and identified the properties where there is significant drainage, and so there was discussion about, well, maybe we should consider leaving those drainage properties alone, leaving them where they are and only considering rezoning the property to the -further to the west along this corridor.

So I've got something that I'm going to read, I think, that will answer a lot of the questions, so if you'll bear with me and then we will answer whatever questions.

This request originated with concerns

from neighboring property owners about recent zoning changes that had been approved for intensive commercial or quasi industrial uses along the Old Highway 67. The recent changes in zoning to RB, Regional Business, raised concern that these approvals may open the door for former non-conforming uses, like Hickman's, to either re-establish or seek a zoning change to re-open.

The recent changes to RB for a property formerly owned by the Gollotts and for the property owned by the Corlee Construction operation could be used as an argument for a change in the character of the neighborhood that could open the door for a business like Hickman's to apply for industrial zoning, which is only one step up from RB.

In considering a way to head this off and after discussion with some of the neighbors and the councilman for this area, it seemed that the best solution would be to consider changing the parcels to a zoning that would be more compatible with the surrounding residential properties, a zoning that would provide uses that would actually support the neighborhood, rather than adversely impacting their residential nature.

Essentially, what's being considered here is a decision to set the vision for the uses to be developed along Old Highway 67. We suggested and advertised NB, Neighborhood Business, which allows retail, restaurants, banks, medical facilities, drug stores, et cetera, businesses that actually you expect to find next to a neighborhood; but we also suggested NB so that if the Planning Commission or City Council felt that these uses -- or these zonings were somewhat intensive, we can always -- they have the right to reduce the request to LB, Limited Business, or any other zoning that would be less intensive than those and would limit the uses to a more professional nature such as law offices and personal service establishments.

Now, the lots and parcels that are closer to new 67, as we learned from the engineer, are essentially drainage areas or detention ponds and probably should not be considered for the change to one of the commercial zones, but could be considered for AR zoning, which is Agricultural Redistricted, which essentially prohibits development unless you have extremely large lots.

I believe that we talked about, it would

have to have at least five acres in order to -even to develop one single-family house on it, so the AR zoning is the most restricted zoning that we have. And not only that, but in going to AR, it gives us some additional points for our CRS flood insurance program, which helps people with their flood insurance premiums.

Now, some owners have suggested that we simply do nothing and leave the zoning as it is and certainly, we can do that. But if we do nothing, again, what will happen is we leave the door open for individual owners and developers to apply for the intensive zoning, such as RB and possibly industrial, and to use the two previous approvals of RB as an argument for their case in change in character.

I spoke with Christy LeBatard this morning and wanted to get some kind of a defining line for where we need to consider where the zoning needed to be changed to business and maybe where we needed to consider changing it to AR, and what we agreed to -- I suggested and she agreed to is that Paradise Lane, that anything east of Paradise Lane should either be left as is or changed to AR, which would be a reduction in the

zoning change request, and then everything to the west be considered for going to the commercial zoning.

Again, we advertised NB. NB is Neighborhood Business. The Planning Commission and the City Council have the right to reduce that to LB if they want to, again, which is a -- much more limited and more professional types of uses that would go along there.

So that's kind of where we are today, is the Planning Commission brought this back off the table. We went and re-advertised the properties out there. I read a letter here that said that we were talking about changing to it to RB. That's incorrect. The sign -- if you look at the sign, it says, from Agricultural and RB to NB. That's what was advertised, and that's what's on the signs out there. That's just to clarify that point.

So with that, we'll move to the next step, Mr. Chairman. MR. DELAHOUSEY:

I have a question.

Mr. Creel, during the December 7th minutes when we moved to table this issue, we

voted unanimously to hear the issue today and to have the engineering department present to the group the same presentation that we saw a couple of weeks ago and that we also would have code enforcement give us a report as to whether there are any current violations.

Do we have engineering here today? MR. CREEL:

Engineering is not here today. Christy was not available this afternoon. That's why I called her on the phone today, was to get the information. Now, I do have my flood people here who -- we talked about this property, especially that property to the east of Paradise Lane, this morning, and all of the properties on that side seem to be detention ponds or major drainage areas that come through there. And that was one of the reasons that we suggested maybe changing those zonings to AR restricted.

Now, as far as code violations go, I can tell you that we have Hickman's going through the court process. We also have Corlee's property going through the court process. If you'll recall, Mr. Corlee got a zoning change on that property to RB to build a construction office on

the property, and what he should have done is come

2 back to DRC. That's what the protocol calls for.

3 Instead, he went out there and put a fence up

4 around the property and just started business

5 without any type of a building -- a business

6 license or anything. So those two cases are in

7 court right now.

8 MR, DELAHOUSEY:

When you say "in court," what is the City asking for by taking it to court?

11 MR. CREEL:

Well, we're asking Mr. Corlee to comply with what he originally presented to the City Council to get approval.

15 MR. DELAHOUSEY:

And if he does not, what are the options of the Court?

18 MR. CREEL:

We'll just have to check. David Wheeler is handling the case for Corlee. And then we're handling the other case which actually, Hickman's has removed a number of the pieces of equipment that were out there. I went out there this morning. There is still three track hoes facing Old 67. But it looks a lot better than it did

when we started on it, so...

MR. DELAHOUSEY:

And I have a couple of other questions if that's okay.

CHAIRMAN WASHER:

Sure.

MR. DELAHOUSEY:

On the original application that was filed, I notice in the area that asks for flood zones, that was left blank and obviously, there are some areas out there in the flood zone. And it also said that this request came from the City Council, and I couldn't find anything in the minutes of the City Council and talking to some of the City Council members that they had charged us with this case.

So can you explain that? MR. CREEL:

Well, I'm the one that actually came up with the recommendation for this, and I did discuss it with Councilman Glavan. Now, he didn't charge us with doing it. I really just ran it by him to make sure that he didn't have any objection to this, and so we moved forward. So it actually should say from the administration.

15 | 1 MR. DELAHOUSEY:

Okay. That's all I have for now.

3 CHAIRMAN WASHER:

All right. Thank you.

We're going to go ahead and open the floor for any comments. We'll ask first for those speaking in support of the change to NB, Neighborhood Business. If you'll come to the podium, give us your name and address and sign in and give us your comments, please.

Anyone speaking in support? No one speaking in support.

Anyone speaking in opposition?

14 MR. COLLINS:

15 My name is Donald Collins. I've lived 16 on Skeet Hunt, which is just south of this 17 property, for 30 years, and I own property on 18 Skeet Hunt still.

I have got like three issues with this whole thing. The area that you're talking about is all Elevation 6 and 8 and in there, and the area from -- it's actually from Joe Husley Road, not Paradise Lane. The area to the west of Paradise Lane floods -- still floods and keeps flooding now all the way up to Joe Husley Road on

the south side.

zoning.

So the line is -- the line you've drawn is good, except it's just too far east. It needs to be west -- it needs to go west of -- I don't know how far it is. The rest of that up there is pretty high ground. That whole area is a retention pond, and I have seen it flood I don't know how many times. You can tell when it's fixing to flood on the river because it all builds up right there and flows out.

Elevation 6 and 8 means that -- a couple things. If you do anything there, you're going to have to build up. When you're building up, you're going to be building it up in a retention pond, which is reducing the retention of it. It doesn't need to change because that retention pond -- as soon as you start doing that, Paradise Lane and all those houses up in there, they're going to get flooded a lot worse than they do now. They've got issues back in there getting out of there after a hard, hard rain just because Paradise Lane starts to flood.

Not only that, but this area that you're talking about has no water and sewer, so they will have to sink a well. They'd have to put in a

17 1 septic tank. That land at Elevation, you know,

> 2 6 and 8 -- and some of it's a little 10 in

3 there -- doesn't perc very well. I don't know

that you could put a sewage lagoon in there -- I 4

mean, a sewage treatment facility in there because 5

6 it's just too low. There's no saturation in

7 there. And it's in a flood zone, so I don't know

what they're going to do about that because there 8

9 is no water and sewer there. There is a water

line that runs down there, but it belongs to the 10

11 Utility District, and I don't think -- I think

some people are still trying to get water from it 12

on there that's back farther. And I don't think 13

they can get it yet. Can you? 14

UNIDENTIFIED SPEAKER: 15

Well, we have a fire hydrant sitting 16

17 right up --

18

20

22

23

1

19

THE REPORTER:

We can't have the talking back and forth 19

because I'll need to get her name.

21 MR. COLLINS:

Got ya. Okay.

All right. But if you do that, that's

going to -- you know, that's going to present 24

issues with water and sewer, issues with drainage 25

in that whole area and it's going to cause additional flooding on that.

Now, on the west end of it, that's all high enough and they still have the issue of no water and sewer in that area.

The third thing is, is that I don't see really what's changed. You talked about some of the changes that has happened in there. Well, you have made some conditions on a couple of them, but this area right down there, they have requested zoning changes. I think this may be the third time that different parcels in that area have requested zoning changes, and they have all been turned down. So you've set a precedence, in that you're not going to change the zoning, that it wasn't an error in the original zoning, that it hasn't changed to reinforce a change in the

The area just south of 67 on the corner of Hickman Road and all, that has come up, I think, three times for zoning changes and was turned down every time, so things have not changed there. Things are still the same. This still remains -- just needs to remain just like it is in agricultural, and I'm opposed to any changes to

2 MR. DELAHOUSEY:

it. Okay?

So sir, I have a question. So the 3

zoning now is Agricultural and Regional Business. 4

And as Mr. Creel has explained, the RB, Regional 5 Business, gives a lot of latitude for things that

6 7

may not be advantageous to that area.

So do you have any recommendations on 8 9 what the zoning should be?

10 MR. COLLINS:

I think it needs to remain agricultural 11

just the way it is. 12

MR. DELAHOUSEY: 13

But it's -- part of it is agricultural. 14

15 MR. COLLINS:

16 Well, I see an A there. I don't see an

RB. I see an RB back over here in a couple of 17

18 places to the west of that area. I'm primarily

concerned about where -- from Joe Husley Road to 19

20 the east from that road.

21 MR, DELAHOUSEY:

And you think Joe Husley should be the 22

dividing line, rather than Paradise Lane? 23

24 MR. COLLINS:

I think -- yes, I think the dividing 25

1	^
	,

	21	1		
1	lines needs to go further west.	1	Yeah, they can have that.	
2	MR. CARRON:	2	MR. COLLINS:	
3	Could you show us on that map where that	3	This is the flood plain.	
4	actually is because it doesn't actually show	4	MR. DELAHOUSEY:	
5	MR. LAMBERT:	5	Yeah. That's what Ms. LeBatard	
6	Should be right around in here.	6	showed	
7	MR. COLLINS:	7	THE REPORTER:	
8	Somewhere right in there. Because if	8	Wait. Mr. Delahousey, I can't hear you.	
9	you look at the contours, if you look and I	9	MR. DELAHOUSEY:	
10	don't know if you have anything with contours on	10	Ms. Lebatard at the last meeting had	
11	it, that whole area there is just extremely low.	11	some good presentations on of the flood plains	
12	You know, when it floods, that's where it starts	12	and everything, and that's why I was hoping she	
13	flooding at.	13	would be here today so that y'all could see what	
14	MR. DELAHOUSEY:	14	her analysis was.	
15	We can do an aerial view if that helps.	15	MR. CARRON:	
16	MR. COLLINS:	16	Jerry, the properties zoned RB, are they	
17	Well, on the GIS map, it shows it. You	17	basically the ones that were grandfathered in?	
18	can see the contours there.	18	MR. CREEL:	
19	MS. ROCKCO:	19	No.	
20	We have a map that might be helpful.	20	MR. CARRON:	
21	JUDGE STECKLER;	21	They're not?	
22	This ought to help you a lot.	22	MR. CREEL:	
23	MR. LAMBERT:	23	That was part of the argument that I was	
24	Is this the flood plain, Sandy?	24	trying to make, is that because the Planning	
25	JUDGE STECKLER:	25	Commission and the Council have changed those	
	<u> </u>		110 - 100 -	2
	properties to RB, one on the north side of Old 67	1	MR. LAMBERT:	2
i		1 *		
	and the one on the couth side that a developer	2	I got va. Hold on.	
2	and the one on the south side, that a developer	2 3	I got ya. Hold on. MR. COLLINS:	
3	coming in here could use that as the basis of his	3	MR. COLLINS:	
3 4	coming in here could use that as the basis of his argument. Well, you have already set the	3 4	MR. COLLINS:  But right here, you can see, this is	
3 4 5	coming in here could use that as the basis of his argument. Well, you have already set the precedent here. Y'all have already changed it to	3 4 5	MR. COLLINS:  But right here, you can see, this is where everything comes underneath this road. All	
3 4 5 6	coming in here could use that as the basis of his argument. Well, you have already set the precedent here. Y'all have already changed it to RB, so why are you not going to change my property	3 4 5 6	MR. COLLINS:  But right here, you can see, this is where everything comes underneath this road. But this whole area up here, this road floods, you know, pretty regular after a hard rain because it always comes down through to this point. But you start building up in here, all of this area back in here is going to start impacting it. All of this is real low lands. This is	
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	coming in here could use that as the basis of his argument. Well, you have already set the precedent here. Y'all have already changed it to RB, so why are you not going to change my property to RB, you know.  MR. CARRON:  Did you say the Council changed that or did this body have the authority to change it?  MR. CREEL:  No. It went through the Planning  Commission and Council to get those two zonings changed.  CHAIRMAN WASHER:  All right. Mr. Collins.  MR. COLLINS:  This is  MR. LAMBERT:  It's touch-screen.  MR. COLLINS:  Touch-screen. Come on back. This is	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MR. COLLINS:  But right here, you can see, this is where everything comes underneath this road. All of this water from all of this little area up here, including all the way back here's Joe Husley Road. All this area back through here all drains primarily this is the primary drainage. If you go through, look at this after a real hard rain, it's a big box culvert and you can see it sucking water underneath that thing. It's slap full. You know, even after these rains we had the last couple of weeks ago, this whole area right here was full of water backing up, coming out of here. This all comes out and drains down Skeet Hunt is right down here.  But this whole area up here, this road floods, you know, pretty regular after a hard rain because it always comes down through to this point. But you start building up in here, all of this area back in here is going to start impacting	

1	real low. It can't take you know, it is the
2	retention area. It is the retention pond for that
3	whole area, and it has to come through right here.
4	So if you start reducing the size of this
5	retention pond here, you're forcing water back up
6	on these people up here and you're just causing a
7	different problem.
8	MR. DELAHOUSEY:
9	Thank you.
10	MR. COLLINS:
11	Okay.
12	CHAIRMAN WASHER:
13	Anyone else want to voice their
14	opposition?
15	JUDGE STECKLER:
16	Hello. My name is Sandy Steckler. I
17	live at 12148 Skeet Hunt Road, which is in the
18	area just well, it's just past the area that's
19	included, but I do have a 40-acre tract, which
20	backs up to Highway Old 67, which is within the
21	area included there.
22	In the letter that I got from you all or

27

22

23

24

25

says from A to RB, Regional Business. That's the sign that was posted that I looked at. MR. CREEL: We just showed the signs up there and all of those said from A and RB to the NB. JUDGE STECKLER:

from the director, I guess, or someone with the

Planning Commission, it said that I could write a

letter. That would save time for you and for me,

It's the same handwriting as what's on those, so this is just an error. I just want to get that put to bed, that that's an error. It's behind us. We're not going to be trying to change it to Regional Business. MR. CREEL:

13 No, and that's never been suggested. JUDGE STECKLER: 14

Okay. Good. Thank you.

With that being behind us, what Mr. Collins was just talking about, the water that's on the side of the road and backs up into all that area and where that drainage is, here's a picture of that after we had that little rain last week.

Keep in mind, we're in still in a drought. I mean, still aren't up to full water yet. And yet, on the side of the road, you can see that the roadway is elevated. That's the

littered with stuff from the junkyard -- from Hickman's junkyard, and so -- I can't even get it out of there. It's all between the trees and all that kind of stuff.

You remember, Mr. Collins talked once

before about a drone that was almost as big as his house made it almost down to his house in the flood. And that's the kind of things that we've been having to put up with, and it's scary and it's certainly nothing any of us should have to deal with.

You all know that there is a Comprehensive Plan for the City of Biloxi. A Comprehensive Plan -- or the part of it that I looked at had to do with the area they call Woolmarket, but they just labeled it that. The fact is it includes all the way down there around Cedar Lake and all of our area. It's only about four pages.

I have included a copy of that for you all in the documents that I have given to you. The reason is I'm seeing that you all have some really good tools in your toolbox to work with to come up with a zoning plan that works. Don't put business in the swamp. Put it in an area that's high enough for it to be safe for the owner and for the City.

This blue map that you -- that you saw a little while ago, the only part that's within what you all looked at or that's in your target area

that is out of the floodway is this part where you

2 have the roads that are the Husley Roads and down

3 that way. If you want to put business there, I

4 don't have any big problem with that, except

5 that -- I didn't recommend it for the reason that

6 I don't think it's fair for me to say, I don't

7 want it in my neighborhood, but it's okay to go in

8 somebody else's neighborhood. I think that you9 all need to look very carefully at where it would

10 be appropriate to put it, but it certainly doesn't

need to be in the swamp and that's my whole pointthere.

So you have got the Comprehensive Zoning Plan. Another thing that I put in my little blue packet for you all is a copy of the regional -- I mean, Agricultural Restricted area district. When you read the text for that -- and the reason -- I made enough copies for all of you. It's in that blue folder.

20 MR. DELAHOUSEY:

21 We have copies of that.

22 JUDGE STECKLER:

Okay.

The reason I did that is because when you read that text, it looks like it was written

specifically for our area. It talks about where you have a flood -- people have been damaged by floods, you have losses there, you have wetlands, all of that. It mentions that, and it says that's what ought to be zoned -- how it ought to be zoned in there.

And so you have got the Comprehensive Zoning Plan. You have got the Agricultural Restricted district. Both of those coupled together read like hand and glove.

Then you've also got your flood maps, which show your elevation and your flood maps. All you have got to do is follow those and you're going to be set to go. Just don't put the flood -- the business in the swamp.

Now, one of the things that I put in there -- and I know we're here for a zoning issue, not for a -- correcting of a zoning problem. And so I don't want to take time dealing with that, except that to the extent that it has already been addressed by Mr. Creel.

I put pictures in there, and the first -- beginning on Number 5, these are the kinds of things that we have been living with.

There is Number 5. Page 6, here's a whole pile of

1 stuff that they had that was -- looks like

scaffolding that they brought in that was -- it

3 looked brand new, but it was there for storage.

4 Here's another truck going in. I could have given

5 you 50 of these, but I've only selected a couple.

6 Here's another one. These are the trucks that --

all of these I have sent to Mr. Creel over the

8 last year or so.

Here's another one. Now they have -this is their old building that they're using that
hasn't been cleaned up. Nothing has been done
about it. There is the building right there.

MR. CREEL:

Judge Steckler, that has nothing to do with the zoning change that we're talking about today.

17 JUDGE STECKLER:

I understand. You brought it up,
 Mr. Creel. I want to address it.

20 MR. CREEL:

Yes, sir. 1 think I made it clear that
those were --

23 JUDGE STECKLER:

Now, you said that they have cleaned up that, right?

19

25

I said that it looks a lot better now 2 3 than when we started. 4

JUDGE STECKLER:

Okay. Here's what it looks like as of last week, all of that stuff.

Now, this is what I call the "concrete mountain." They have a mountain of concrete that's I don't know how many feet long or deep, but it stretches probably 40, 50 yards and I don't know how deep from front to back, but it's high. And all of that is restricting the water flow. All of that is heavy lime that would be in an area that's normally acidic.

Now, these three -- these two excavation machines are sitting in front of some green stuff. That's some kind of cane that grows on that concrete mountain, and so that's just the other end of the same thing that I just showed you here. There is a lot.

Now, as of -- what they have done now is to hide the building with these great big boxes that they have got. They're there today, so that hasn't been cleaned up. And, of course, here's out on the street, the big excavation machines.

They're all there.

Now, I also put in your packet just one little sheet that is the Mississippi Code Section 17-1-19. It's a 1995 statute, and also following it is non-conforming uses. And what it says, just in a nutshell, you all normally deal with the administrative process first, try to get people to do right. Then you write them letters. Then you threaten. You take them to your own kind of court and try to get them to do right. When that doesn't work, they do something else and something else. You're paying lawyers to go on and on and on with this stuff that never, ever gets anywhere. It never gets the job done.

I told you where I live and what my name is. What I didn't tell you is I'm a judge, and I sat on the bench for 17 years hearing cases wherein what we did when people didn't do what they were supposed to do, the City -- never Biloxi but other communities along the Coast -- would file a complaint in Chancery Court asking for an injunction. And you can get your injunction within about five days, maybe 10. The longest it would be may be 30 days before you get your injunction.

35

What we did is we'd tell them to clean it up. If they don't do it, they come right back in and then pretty soon, I'd put them in jail and them they're going to stay in jail until it's cleaned up. And guess what, they can get it cleaned up in a week.

And that's what happens in the real world. Never Biloxi, but that's the way the other cities do it and so that's what Biloxi could do. And here's the copy of the statute. It's in your packet as well.

So I appreciate your time. I appreciate all that you all are doing for us, but I'd like to ask you to please help us. It doesn't help at all to change the zoning to anything you want to change it to if you don't enforce it, and it hasn't been enforced in all this time. It's still going on year after year. It's there. I showed you pictures. Thank you very much. MR. DELAHOUSEY:

20

Judge Steckler, I have a question. 21 So currently, it's Agricultural and 22 23 Regional Business.

24 JUDGE STECKLER:

Agricultural and I'm sorry, what?

MR. DELAHOUSEY: 1

Agricultural and Regional Business.

That's what the current zoning is. 3

JUDGE STECKLER:

Yes.

MR. DELAHOUSEY:

Part of it's Agricultural and part of it's Regional Business.

If we were -- the Commission were to consider changing it to Agricultural Restricted and the other part being Limited Business as Mr. Creel said, do you think that would improve the situation?

#### JUDGE STECKLER:

I think it would. I do. I think it would be a good idea to do that, but not in the -not in the swamp. Up there on the land where those -- where the Regional Business is and where the other businesses are up there, some of them are not desirable businesses. There's just -it's not a business. Somebody is just storing their junk there. If it was something that was going to produce taxes or income for the City and it was going to help any kind of way, that would be fine. They're not businesses. They're just

8

9

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

1

1 storing their trash there. And that's, I think, hurting the 2 3 neighborhood. It hurts -- that's a main entrance into the City of Biloxi from the north. There is 4 5 a lot of population there. Everybody that comes through there has to look at all that stuff. 6 7 That's what they see when they hit Biloxi city 8 limits, and I think it's sad for the City. 9 And all it would take is enforcing 10 existing statutes to clean that up. Even if they had a right to have it there, it has to be 11 screened off from view, and it's not. And so all 12 you have to do is get them to follow the tools in 13 14 your toolbox. 15 MR. DELLENGER: 16 I have got a question. So you own -- you said you own 40 acres, 17 I guess, in between 67 and the road you live on; 18 19 is that correct? 20 JUDGE STECKLER: Say that again. I'm sorry. 21 22 MR. DELLENGER: You said you own 40 acres between 67 and 23 24 Skeet Hunt; is that right? 25 JUDGE STECKLER:

2 MR. DELLENGER: So which one of those squares is yours? 3 4 JUDGE STECKLER: 5 Here I am right here. 6 MR. DELLENGER: 7 Okay. So if that remains A and we didn't -- let's just say we didn't do anything to 8 any of it and left it all like it is and that 9 10 remained A and -- like it is. Are you concerned at all with your property and any surrounding 11 property owners that that property essentially 12 13 could be worthless? 14 JUDGE STECKLER: It already is worthless. What it does, 15 16 it holds the rest of the world together. What it does, it is a green area. Green space has value. 17 Mine is forested, except that with the change in 18 the topography in the area from what Hickman has 19 done and some other people, where they have been 20 filling, now areas of my property are turning 21 brown or getting wet and holding water, and the 22 23 trees that are there are dead. If you just drive on up to that area, 24 dead off of Old Highway 67, drive around that area 25

Yes, sir. I will show you mine.

and you're going to see a lot of areas where there's waterlilies growing and dead trees in the middle of it. And what that is, is where the topography has changed. It is now holding water, and that's happening to a lot of our land around there.

It needs to stay green space. It needs to be good drainage. It needs to do the job that it's supposed to do as natural wetlands.

MR. DELLENGER:

1

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

I understand that, and I appreciate that. I just -- you know, everybody else that owns property around there that is currently zoned Agricultural may or may not agree with you. I mean, they may want to sell their property at some time and try to get something for it instead of just saying it's worthless and being okay with that.

19 JUDGE STECKLER:

And that's the reason I'm saying if you 20 21 want to leave it Agricultural, just leave it, because -- you know, because also, in Restricted 22 Agricultural, it provides for being able to live 23 there. You can have parks, playgrounds, a number 24 of things that you can do in there, botanical 25

gardens. It gives a laundry list of things that 1 2 you can do in that zoning category. And you shouldn't do anything else. If you want to sell 3 it, you need to sell it to somebody who is willing 4 to do what belongs in that kind of environment. 5 6 MR. DELLENGER: 7

So say you did AR on your 40 acres --JUDGE STECKLER:

Yeah, right.

MR. DELLENGER: 10

> -- and somebody came in there and developed it to put -- living on there, they're still going to have to bring in dirt. They're still going to have to build it up. They're still going to have to have all those things.

JUDGE STECKLER:

And they better not do that because that would ruin the environment. It would ruin the drainage for the area, and I shouldn't sell it to them to do that.

Now, the Land Trust for the Mississippi Coastal Plain -- Land Trust for the Mississippi Coastal Plain buys land and they pay fair market value. And they get qualified appraisers that are government-certified appraisers to come in and

value the land and then they buy it at fair market value to leave it natural. So, I mean, there is a lot of opportunity for people who own that kind of land to sell if they want to.

CHAIRMAN WASHER:

All right. We're going to go ahead and move on.

Is there anybody else in the audience that wants to speak in opposition to the proposed change?

11 JUDGE STECKLER:

. And I'm sorry for taking up so much of your time.

14 CHAIRMAN WASHER:

Thank you, sir.

16 MS. ROCKCO:

Good morning -- or afternoon, huh? It's afternoon already. Well, I've been retired for 16 days, so there you go.

And I want to thank you first for serving on this position. I know it's hard. You have a lot of responsibility. You have the opportunity, too, to make Biloxi, I mean, what it is. Your availability to seeing the facts and how people live really gives you a blank sheet in some

cases, especially in Woolmarket not to put two dollar stores across the street from each other in a, you know, pecan orchard, but to maybe take a good look at what you have because you have a great responsibility and great opportunity. I just wanted to thank you for that because it's not an easy job, what you do.

But I do want to address some of the standing water that we have. And I also found a City Comprehensive Plan. Have y'all seen this, the City Comprehensive Plan? I know a couple of you may have. It's very important to have a plan and then maybe follow the plan.

But there are key issues in here that, you, yourself, have passed and they are development -- development that takes the pressures and the -- we don't -- you don't want the results of Woolmarket location having environmental problems with their area. You looked at Cedar Lake and D'Iberville.

And some of the other key issues and the ones that you really pointed out in this study that you passed is continued to develop in -- continued development in flood hazard areas increases Woolmarket's vulnerability to future

storms. Woolmarket, at the fringe of the city and De Soto National Park on the north part, is a greenbelt and it should be developed only as the edge of a development, and helps maintain the quality of water.

You know, we have a problem with water encroachment in other states, saltwater intrusion. We need wetlands in order to make sure that our water is safe and clean and drinkable.

So the third strategy that y'all had is restrict development and limit disturbance of waterways, wetlands, natural habitat, floodplains and other environmentally sensitive areas, especially those south of I-10 -- well, there is a lot north of I-10 as well -- address open space and the benefits provided by green infrastructure as a part of Woolmarket's land use and development pattern north of I-10. Encourage sustainability, low impact -- this is your document -- site design and stormwater best management practices as you develop Woolmarket.

For instance, the new storage shed that you just took care of, I think you just rezoned for the corner of the Woolmarket and Cedar Lake. My church is right there so I happen to see it

quite often. It was a low area. I don't know if it was wetlands and I don't know if anyone asked if it was wetlands or if anyone was permitted for wetlands. But when you go by there, the water is standing all the way around it. I know there is an easement that goes underneath it, but silt fences are not put up properly -- and they were not obviously and have fallen down -- then your drainage is going to be filled in.

And if you don't camera it before you make sure that you accept it, Biloxi, Mississippi will be responsible for that drainage, and the drainage there is pretty bad. It's been built up. There is no flow-through. And most of the houses that live there we all have -- because of the NFIP, we have flow-through under. So when the water comes and floods us, it goes through. We have a mess to clean up, but we love it and we chose it because that's where we live.

What has caused some of the problems, standing on Mr. -- my neighbor over there -- what's your name again, Judge -- his land -- if I may, first of all, your pictures didn't show all the standing water, which is a problem. Can I go this way to see the pictures?

trucks, two small trucks. It was grandfathered in

by the County. However, none of this, to my

23

24

25

opinion -- none of this was. I had -- this is my 1 2 10 acres right here. 3 So this water was all - don't be getting on my property. He is right next to it. 4 5 But all of this was woods. It had been -- every once in a while, the timber company 6 would come in and cut the trees. And by the way, 7 one tree takes in, it sucks up 40,000 gallons of 8 9 water per year. So every tree that's cut, all 10 this now, the water runs straight through. There is no retention ponds, which there 11 used to be down here, but it's slowly getting 12 filled in. There was also a trailer that was 13 sitting in some location right here. All of 14 15 this -- all of this was trees, except for 16 15 acres, which is right here. Now, I don't know if there was a permit 17 for wetlands, but I do know that this is wetlands 18 and most of it's wetlands that had pitcher plants 19 20 on it. This area also was wetlands. It 21 belonged to a Nick Ladner at one time and he 22 filled it in. And when he filled it in, he was 23 fined a tremendous amount of money. A roofing 24 company bought it. They had to end up paying the 25

47 fine, so all of this has also been filled and it 1 was wetlands. So that is creating more issues 2 for -- when it's gravel -- can I go back this way? 3 Sorry, y'all. I feel like I'm coming 4 down with a cold, not COVID. 5 But see, these areas here that have all 6 been cleaned -- or cleared? That has an effect on 7 this. It pushes more water faster and across that 8 street and that's why his land is becoming more 9 10 worthless. I don't know -- this here, I have asked 11 for the permits for filling in wetlands in 12 Mr. Williams' property through Mr. Creel, but I 13 never received a copy of the permit. 14 Do you have it? 15 16 MR. CREEL: I'm sorry. What? 17 MS. ROCKCO: 18 A copy of the permit from the DEQ or the 19 20 EPA for this filling. 21 MR. CREEL: On which side? 22 23 MS. ROCKCO: 24 I'm sorry?

MR. CREEL:

25

You talking about Mr. Williams' place up 1 2 there? 3 MS. ROCKCO: 4 Yes, sir. 5 MR. CREEL: And we called the Corps of Engineers 6 about that. They came out and inspected it and 7 8 they said there was no violations there. 9 MS. ROCKCO: That's because it was already filled in. 10 Did you get a permit? Dig you get a picture of 11 12 the pennit? MR. CREEL: 13 14 That would be -- I mean, they're who we go to whenever we feel like there's a violation 15 16 and they said there were no violations there. MS. ROCKCO: 17 But you did that after it was filled in, 18 19 correct? 20 MR. CREEL: After it was cleared. 21 22 MS. ROCKCO: We'll check into that. That's another 23 24 issue, but we'll check into that. Thank you, 25 though.

But you see the issue of the delicate land. And then I go back to -- that's some of the reasons that he has had his problem.

But then I go back to the plan that you have and the plan and key issues, again, is to continue to develop -- continued development in flood hazard areas will increase Woolmarket's vulnerability to future storms.

So you passed this. I don't know if any of -- all of you -- you know, I don't know about y'all, but when I was working, I had to go back and review stuff, because I would forget it.

So I'm not against development. I think it's necessary, but when you look at the development that has taken place -- I mean, it's a perfect area for something besides a car wash, a dollar store. We have five dollar stores now in Woolmarket. I think we're pretty well covered.

Y'all think so?

#### UNIDENTIFIED SPEAKER:

I don't want any more gas stations.

#### MS. ROCKCO: 22

16

17

18

19

20

21

22

23

24

25

we like it there and we love it.

The Tchoutacabouffa is becoming a drainage ditch for everyone, including D'Iberville, with the -- between the wastewater treatment plant that's going in there, all of the Promenade and all of Sangani Boulevard. One of our greatest natural resources, our Tchoutacabouffa River, which goes into the Gulf of Mexico, is becoming contaminated today.

Now, I sure thank y'all for letting me have this much time. And like I said, I'm a little emotional about it because it's my home for 34 years. And I wasn't born in Biloxi, but I got here as soon as I could. And I served the county for 36 years and I really learned a lot about our area and where we live and how beautiful it can be.

And if we ride to other areas -- and we're a tourist -- and we take them down, do we want to take them down Highway 67 to see our dirt pits and our storage units and our dollar stores or do we want them to see something beautiful. And we want development that we can be proud off on our way home when we pass it every day.

So anyway, thank you so much for your

51

time.

#### CHAIRMAN WASHER:

Thank you, Ms. Rockco.

Anyone else want to speak in opposition? No one else want to speak in opposition?

DR. CHENG:

Hello. My name is Dr. Nancy Cheng. I'm a recent transplant from Houston, Texas.

It may interest you to know that Houston -- having lived there for over two decades. Houston has no zoning laws, which means having been built on a swamp, I just want to tell you guys maybe you can learn about the mistakes that Houston has made.

When Hurricane Harvey hit Houston, Houston had already had in place five detention ponds that they had built far to the west of the city in order to accommodate floods. So, I mean, Houston has the detention ponds. New Orleans has their levees. Every city has a different method in dealing with floods.

The 500-million gallon detention ponds were overflooded, causing over 125 billion in damages to Houston and that was because -partially because the zoning laws were

non-existent and people would fill in and build 1 2 their businesses and et cetera, et cetera.

> I suppose what I'm going to say -- I'm so sorry. I forgot to say where I live. I live at 3534 Brandon James Drive, okay, just off the -just the north side of the Promenade. There is a little neighborhood that's located there and that's where I live.

Last time it flooded, it got so bad that I could not get home from call in the hospital, so I stayed at the hospital for longer than I should have. It makes it inaccessible to get there. Should that worsen, I just don't know what I would do or where I would go to relocate because I learned to really appreciate Mississippi and, you know, my neighborhood and I really like that.

I just caution you guys to consider carefully whether or not you want to build detention ponds, where you might build those in order to offset drainage areas that may be, A, eroding because of already poor practices in the area or, B, from development that, you know, might be necessary. But you might also consider that they're filling it in, and once you fill a bathtub X high, the Archimedes' principle demands that you

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

1

2

3

4

5

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

55

put another body in there, then the bathtub will overflow. Okay?

So that's just what I want to caution you guys against and just to think about other ways that you might want to consider tackling the flooding problem.

Okay. Thank y'ail.

#### CHAIRMAN WASHER:

1

2

14

15

16

17

18

19

20

21

22

23

24

25

All right. If no one else with any comments, I'm going to recommend that we go on and close this hearing for today, but I totally -- let us look at this thing further and see if we can come up with some other -- I didn't make the meeting when Ms. LeBatard was here in regard to hers. I don't know if there's anything more she can add now or, Jerry, what do you think? MR. CREEL:

I mean, we can go back and get with her. You have a number of options here. You know, you can consider the recommendation as it is. Like we have said, you can consider changing some of it to AR zoning, which is the most restricted zoning that we have. You can move the line wherever you feel like it's necessary to move it.

You know, we have heard some comments

here today about property that's not -- the owners 1 don't want to have anything built on it. They can 2 always donate that property to the Land Trust, you 3 know. That way nothing will ever be built on it. 4 5 MS. ROCKCO:

They sell it to them.

MR. CREEL:

We're just -- you have several options here. You can reduce the zoning request to whatever you want to. We recommended LB -- NB, you know, because it seemed appropriate next to residential property. But we did that with the understanding that if we got in here and somebody said, well, why did y'all suggest LB, you know, why didn't you go to NB, we can always go down, but we can't go up without going back and having to re-advertise it.

But they are correct. The area on the other side of Paradise Lane, on the east side, is essentially a large detention area and I can't imagine anything ever being built in there, and that's what we were recommending definitely to go to AR on.

The area to the west of there, it is a low area. Property owners, though, have a right

to try and develop their property. We have no applications before us right now for any type of development down through there, but, you know, if somebody came in and wanted to build something along there, they would have to go through the normal process. They would have to mitigate wetlands and have to make sure that they have adequate detention just like any other project development would go.

Now, I heard somebody say that all that property is in a floodway, and that's not true. It's in the flood zone, except for the area right along the river down there and that is floodway, which is much, much more restricted. But the areas there just to the west of the new 67 are just flood zones, meaning that, you know, you just have to meet elevation requirements.

But Planning Commission and the Council have a number of options here. You can leave it the way it is, again, which will open the door for anybody to come in here and request a zoning change to whatever zoning that they want to. You can reduce the zoning being requested or you can move the boundary line wherever you think is appropriate.

So those are the things that you can --

MR. DELLENGER:

What if we just left it as it is and on an as-needed basis hear it if anybody ever wants to do anything with it?

6 MR. CREEL:

> You can do that. You can handle that on a case-by-case basis.

MR. DELAHOUSEY:

Mr. Washer, I certainly have gotten an education here today, especially with the Comprehensive Plan the City has. And we have already postponed this once. We have a large crowd here today. I'm willing to make a motion.

Mr. Creel, you might have to help me with this.

MR. CREEL: Okay. Let me mention something about the Comprehensive Plan. The Comprehensive Plan is not a rigid document like the Land Development Ordinance is. It is a vision document, and the language never says, does this comply with the Comprehensive Plan? It says, is it consistent with the Comprehensive Plan, which offers language that provides some flexibility.

	5	7			58
i	So you need to take that into		1	Restricted business and LB and we use Joe Husley	
2	consideration when you look at the Comprehensive	:	2	Road as the dividing line.	
3	Plans, that Comprehensive Plans are a document		3	Is that appropriate language?	
4	that creates a vision for a period of five for	4	4	MR. CREEL:	
5	a period of 10 to 20 years, and that document can	:	5	That was recommended by one of the	
6	be changed. It can be changed, updated, can be	-   (	6	people that came in here and we certainly have no	
7	made flexible. So we don't look at that the way		7	objection to it, and I can run that by Christy	
8	we look at the Land Development Ordinance which	;	8	again.	
9	clearly has boundaries for what you can and can't		9	MR. DELAHOUSEY:	
10	do.	1	10	That would be my motion.	
11	MR. DELAHOUSEY:	1	11	CHAIRMAN WASHER:	
12	And I will refer to Land Development	- 1	2	All right. Do I hear a second to that?

I'm just having a hard time hearing because	1 1 1 1 1 1 1 1 1 2 2 2 2 2 2	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	there and change it to a restricted and then changing everything else to LB instead of leaving it as it is. I mean, I think we're worrying about something that we may not ever may not ever happen without somebody coming in here trying to develop property that's under water. I mean, you know, my guess is nobody is ever going to come in here and try to develop property that's under water. Nobody in the right business mind is going to do that.  MR. DELAHOUSEY:  Yeah. I didn't know about AR until today and MR. DELLENGER:  But they have got people in that area right now that have RB zoning that want to keep it RB, and you're going to limit them on what they may have planned with their property that they got zoned for and you're going to now change them because you just want to change it all.  MR. DELAHOUSEY:  Well, that I don't disagree with	

think, these -- the majority of these people would
be against and they live there, so I think by
limiting it to LB would satisfy that situation.

MR. DELLENGER:
They might be against the pig farm going
next to them, too, but that's by right. I mean,

They might be against the pig farm goin next to them, too, but that's by right. I mean, they could go in there right now and do that by right, you know.

9 MR. DELAHOUSEY:

10 That's true.

11 MR. DELLENGER:

I mean, you know, I just think we're worrying about things that potentially could never happen. I mean, you know, if they have to come to us, we would have to approve it.

16 MR. DELAHOUSEY:

They are worried about it.

MR. DELLENGER:

Well, do you think they're not going to show up if somebody comes to do something and let us know that they're happy or not happy about at it? I mean, I have a feeling they would.

23 DR. DRAWDY:

24 David.

25 CHAIRMAN WASHER:

Any other comments? Dr. Drawdy. DR. DRAWDY:

I have listened intently to all of this, and one thing that seems to permeate out of everything else is the watershed, taking care of the watershed, and making sure that we do nothing at all that will alter that watershed or that drainage or anything in that area because it affects so many homes, people and everything else like that.

Whatever our recommendation is that's forthcoming, my part would be that we protect the entire area of watershed, whether it's that part that's, you know, deep in the part right next to Lickskillet Road or if it comes down or not, if it's part of that watershed and part of that flood zone, it needs to be protected because it's going to impact so many people.

And I kind of look at it this way: I don't want to do anything to anybody -- do something that I wouldn't want done to me, so in other words, we need to protect the people that live there because that's important. And there's a lot of people that live there. And they say, well, why did they build in there? Well, they

wanted to, and they have a right to build in there.

But you don't need to come in there and start filling it in and start buying it up through the Corps and everything else and buying up more, you know, for credits and things like this because some large developer could come in and say, we've got the money to do it and we want to do it.

And Charlie is right about one thing. I like the idea of letting each person come in and deal with their own thing one at a time and then we can evaluate that and determine whether it is really a good thing or not.

really a good thing or not.

That's the first time -- like Steve said today, that's the first I have heard about Agricultural Restricted. I really like that and to me, that ought to be thrown into all of the watershed. It's Agricultural Restricted or whatever we want to call it and -- so that nobody can alter or change it, because if you remember the commercials back many years on TV, you don't mess with Mother Nature. Well, you just don't mess with her and you don't mess with that water because anybody that lives in that area understands what that thing can do in a flood

1 area.

So that's part of my thoughts and process of looking at all of this, that it needs to be taken care of, that we need to take care of everything that's in there now and really clean up some of the ones that need to be cleaned up now, whether it's more court or fines, whatever we need to do. That's it. Thank you.

MR. LECHNER:

So Jerry, if we approve this, the motion that's on the floor and someone comes and wants to develop, with that new zoning, how are they able to maintain the water on their property? I mean, is that even going to be feasible, that they could maintain water on their property?

MR. CREEL:

Well, that's their responsibility to work out with their engineer, that their post-development runoff doesn't exceed their predevelopment runoff. You know, they have to retain it on their property.

22 MR. LECHNER:

But is that feasible?

24 MR. CREEL:

Just like any other development that

came in, they would have to show that they've got the necessary permits and everything else with DEQ just like any development.

My concern is this -- and, of course you know, whatever the Planning Commission decides is fine with us. But you have somebody coming next to, let's say, where Corlee got that RB zone and he said, well, I want to change my property to RB too -- RB also. And well, no, we're not going to do that because -- well, why not? You changed it for the neighbor right next door and you're not going to change it for me.

It just -- it opens the door for -- a precedent has been set, both on the south side and on the north side. And I'm not talking about the drainage properties and all. I actually agree with that, but I think all those drainage properties clearly need to be AR so that we don't have to worry about anybody developing on those for now.

But there are some properties going to the west that can be developed. And, you know, will they be an engineering challenge? Yes, some of them will. But the zoning question, though, since there is already property on the north side and the south side that's zoned RB, I think that's going to open the door.

Remember that what initiated all of this, every bit of this was complaints from neighbors about certain things that were being done on there. The Corlee property, you know, we don't want that development on there that he's doing. Those phone calls came in. So we were trying to figure out a way, well, how can we stop it now, you know, so that we don't have another request for RB again, you know, and that's kind of what led us down this path to where we are today. MR. DELLENGER:

So Jerry, what is -- is that a concrete plant or whatever that's just to the right of all of that?

17 MR. CREEL:18 Are you talking about Williams'

19 property?20 MR. DELLENGER:

21 Yeah.

22 MR. CREEL:

What Williams did is he went in and re-established the boundary lines for the original development that was there. That's what happened.

hnt

1 We pulled the satellite pictures of it, and what

2 had happened was -- he bought it. Over the years,

3 some growth had come back over that property, and

4 he went back in and removed the growth up to the

5 boundary line of what was original.

6 MS. ROCKCO:

7 That's

That's not true.

8 MR. DELLENGER:

But what's run out of there?

10 MR. CREEL:

He's got a recycling thing, landscape supplies, like rock and mulch and --

13 MR. DELLENGER:

So he's zoned Agricultural?

15 MR. CREEL:

No. It was grandfathered in. The license was there when it came in from the County through annexation. And whenever we annex an area and the owner has a legitimate license from the County for that use, we have to accept that use in

as grandfathered in. We can't shut them down just

22 because we want to.

23 MS. ROCKCO:

24 That's not true. I'm sorry.

25 MR. CREEL:

Okay. MR. CARRON:

Jerry, the north three parcels, north of 67 that are zoned RB. Is there businesses on that property now?

MR. CREEL:

No. What it is, they have got some equipment stored on there. That's what -MR. CARRON:

That wasn't grandfathered in, though? MR. CREEL:

No. Both of those, the one on the north side and the one on the south side were actually zoning changes that went through the Planning Commission and the City Council.

And look, in fairness to the Planning Commission, when Mr. Lee came in with that proposal on the south side, he presented some nice pictures of this construction office that he was going to build there and the fence that he was going to put up and everything else. And so, you know, you come in and you get the necessary approvals based upon your presentation and your arguments.

And then when you get the Planning

_		
7	т	

Commission approval and City Council, the next step is to come back to DRC so we can look at the building, the drainage and the parking and everything else before we sign off on it. DRC does sign off on it and we can't sign off on it to until City Council officially approves the zoning change.  Mr. Lee went out there and just put a fence up around the property and parked a bunch of equipment in there and started operating. And see, there is no building there. We can't give him a CO. We can't give him a building license or anything else.  Mr. LEE:  Mr. LEE:  Mr. LEE:  Mr. LEE:  CHAIRMAN WASHER:  You are out of order.  MR. LEE:  You are out of order.  MR. LEE:  You are out of order.  MR. LEE:  That's why I asked.  MR. CARRON:  I think that in hindsight, that maybe there is a mistake in changing the zoning out there. And on our side of it, it's a lot because we never really knew the impact of the problem that was up there, and I could see where that oversight was made. So I really think there was a mistake in the zoning there.  MR. LECHNER:  I just don't know how a developer, whatever they want to build on any of this property, is going to be able to retain their water. I mean, I know they're supposed to.  MR. CREEL:  It is a low area, yes.  MR. LECHNER:  That's why I asked.  MR. CARRON:  I think that in hindsight, that maybe there is a mistake in changing the zoning out there. And on our side of it, it's a lot because we never really knew the impact of the problem that was up there, and I could see where that oversight was made. So I really think there was a mistake in the zoning out there. And on our side of it, it's a lot because we never really knew the impact of the problem that was up there, and I could see where that oversight was made. So I really think there was a mistake in the zoning out there. And on our side of it, it's a lot because we never really knew the impact of the problem that was up there, and I co		69			70
building, the drainage and the parking and everything else before we sign off on it. DRC does sign off on it and we can't sign off on it until City Council officially approves the zoning change.  Mr. Lee went out there and just put a fence up around the property and parked a bunch of equipment in there and started operating. And see, there is no building there. We can't give him a CO. We can't give him a building license or anything else.  And, you know, we have had him back before Planning Commission, you know, to go over this. And so the only way that we can pursue it vas to take it to court and that's what we have done.  MR. LEE:  May I speak since you brought me up several times?  CHAIRMAN WASHER: Hold up. You're out of order.  MR. LEE:  Thus's why I asked.  MR. CARRON:  I think that in hindsight, that maybe there. And on our side of it, it's a lot because we never really knew the impair of the problem that was up there, and I could see where that that was up there, and I could see where tha	1	Commission approval and City Council, the next	1	CHAIRMAN WASHER:	
4 coverything else before we sign off on it until City Council officially approves the zoning change.  5 does sign off on it and we can't sign off on it until City Council officially approves the zoning change.  6 Mr. Lee went out there and just put a fence up around the property and parked a bunch of equipment in there and sturted operating. And see, there is no building there. We can't give him a CO. We can't give him a building fisense or anything else.  13 anything else.  14 And, you know, we have had him back before Planning Commission, you know, to go over this. And so the only way that we can pursue it was to take it to court and that's what we have done.  15 before Planning Commission, you know, to go over this. And so the only way that we can pursue it was to take it to court and that's what we have done.  16 Mr. LEE:  17 Mr. LEE:  18 Mr. LEE:  29 Mr. LEE:  20 Mr. Pispak since you brought me up several times?  21 Linean, I just don't understand where the water is going to go.  22 CHAIRMAN WASHER:  23 Hold up, You're out of order.  24 Mr. CARRON:  25 Sir?  26 Mr. CARRON:  27 there is a mistake in changing the zoning out there is a mistake in changing the zoning out there is a mistake in changing the top in that was up there, and I could see where that was up there, and I could see where that oversight was made. So I really think there was a mistake in the zoning out there is a mistake in changing the zoning out there is a mistake in changing the zoning out there is a mistake in changing the town is there. And on our side of the problem that was up there, and I could see where that we rever really knew the impact of the problem that was up there, and I could see where that was up there, and I could see where that was up there.  2 Mr. LECHNER:  2 I list don't know how a developer, whatever they want to build on any of this property is going to be able to retain their water. I mean, I know they're supposed to.  2 Mr. LEE:  2 Sir?  2 Keep in mind that the property south of them is part of that drainage area	2	step is to come back to DRC so we can look at the	2	You are out of order.	
does sign off on it and we can't sign off on it until City Council officially approves the zoning change.  Mr. Lee went out there and just put a fence up around the property and parked a bunch of equipment in there and started operating. And see, there is no building there. We can't give him a building license or anything else.  And, you know, we have had him back before Planning Commission, you know, to go over this. And so the only way that we can pursue it was to take it to court and that's what we have done.  MR. LEE:  MR. LEE	3	building, the drainage and the parking and	3	MR. LEE:	
turill City Council officially approves the zoning change.  Mr. Lee went out there and just put a fence up around the property and parked a bunch of equipment in there and started operating. And see, there is no building there. We can't give him a coulding there. We can't give him a can't give him a building license or anything else.  And, you know, we have had him back before Planning Commission, you know, to go over this and so the only wey that we can pursue it was to take it to court and that's what we have done.  May I speak since you brought me up several times?  CHAIRMAN WASHER:  MR. LEE:  Thorough want to go aload and make a decision of doy, be it AR or whatever and move on from there? That's a little contrary to the motion you have, which was from AR doy and want to go aload and make a decision today, be it AR or whatever and move on from there? That's a little contrary to the motion you have, which was from AR down the waster in a mistake in changing the zoning out there is a mistake in changing the zoning out the motion you have, which was from AI could see where is a mistake in changing the zoning out the there is a mistake in changing the zoning out the the roin pount of the problem that was up there, and I could see where that I oversight was made. So I really think there was a mistake in changing the zoning out the and I could see where that I coursely knew the impact of the problem that was up there, and I could see where that I coursely knew the impact of the problem that was up there, and I could see where that I coursely knew the impact of the problem that was up there, and I could see where that I coursely knew that whe problem that was up there, and I could see where that I coursely knew that whe and individual to a court and that's what we have the individual to a court and that's what we have the court in the property is lowed to the said the property is lowed to the said the property is lowed to the said that the property is lowed the property is lowed to the said the property is l	4	everything else before we sign off on it. DRC	4	That's why I asked.	
There is a mistake in changing the zoning out there is a mistake in changing the zoning out there property and parked a bunch of equipment in there and started operating. And there is no building there. We can't give him a building license or anything else.  And, you know, we have had him back before Planning Commission, you know, to go over this. And so the only way that we can pursue it was to take it to court and that's what we have doze.  MR. LEE:  MR. COLLINS:  MR. C	5	does sign off on it and we can't sign off on it	5	MR. CARRON:	
Mr. Lee went out there and just put a fence up around the property and parked a bunch of equipment in there and started operating. And see, there is no building there. We can't give him a CO. We can't give him a building license or anything else.  And, you know, we have had him back this. And so the only way that we can pursue it was to take it to court and that's what we have done.  Mr. LEE:  Mr. LEE:  Mr. LEE:  Mr. LEE:  Mr. LECHNER:  Mr. LEE:  Mr. LECHNER:  Mr. LEE:  Mr. LECHNER:  Mr.	6	until City Council officially approves the zoning	6	_	
we never really knew the impact of the problem cluptment in there and started operating. And see, there is no building there. We can't give him a CO. CARRON: MR. LIMEN How the weap of to talking about is fairly high, but we have got to  MR. LIMEN How to go down the motion you there? MR. DELAHOUSEY: MR. DELAHOUSEY: MR. CARRON: MR. LIMEN HOW The weath that the property is a the property, it looks like that maybe Paradise that, so that's where that came from. MR. DELAHOUSEY: MR. CARRON:  I low. I mean, I know they're supposed to. MR. LIMEN How are is going to go. MR. LIMEN How are is going to go. MR. LIMEN HOW TO the west that they are talking about is fairly high, but we have got to  I water is going to go. MR. LECHNIER:  I lis a low area, yes. MR. LECHNIER:  I limean, I just don't understand where the weater is going to go. MR. LECHNIER:  I limean, I know they're supposed to. MR. LECHNIER:  I limean, I know they're supposed to. MR. LECHNIER:  I limean, I know they're supposed to. MR. LECHNIER:  I limean, I know they're supposed to. MR. LECHNIER:  I limean, I know they're supposed to. MR. LECHNIER:  I limean, I know they're supposed to. MR. LECHNIER:  I limean, I limean, I know they're supposed to. MR. LECHNIER:  I limean, I limean, I know they the weet is going to go. MR. LECHNIER:  I limean, I limean, I limean, I limean, I know there and seven yes.  I limean, I limean, I limean, I limean, I know there are some yes.  I limean, I limean, I limean, I limean, I know there are some yes.  I limean, I limean, I limean, I limean, I know the west that they or the west that they prepared the west that they prepared the			15	whatever they want to build on any of this	
17 was to take it to court and that's what we have done. 18 MR. LEE: 20 May I speak since you brought me up 21 several times? 21 several times? 22 CHAIRMAN WASHER: 23 Hold up. You're out of order. 24 MR. LEE: 25 Sir? 26 MR. LECHNER: 27 I mean, I just don't understand where the water is going to go. 28 MR. CARRON: 29 MR. CARRON: 20 MR. CARRON: 21 I mean, I just don't understand where the water is going to go. 29 MR. CARRON: 20 MR. CARRON: 21 I mean, I just don't understand where the water is going to go. 21 MR. CARRON: 22 I mean, I just don't understand where the water is going to go. 23 MR. CARRON: 24 The property to the west that they are talking about is fairly high, but we have got to 25 I alking about is fairly high, but we have got to 26 I low. I mean, the road is high and the property is low. But when I talked to Christy this morning, I said, based on your presentation that you made last time and going out there and actually looking at the property, it looks like that maybe Paradise today, be it AR or whatever and move on from the two. I said, do you agree with that or not have, which was from AR 25 MR. DELAHOUSEY: 26 MR. DELAHOUSEY: 27 All right. We're to go ahead and vote. 28 I low. But when I talked to Christy this morning, I said, based on your presentation that you made last time and going out there and actually looking at the property, it looks like that maybe Paradise Lane would be kind of the boundary line between the two. I said, do you agree with that or not agree with that? She said, yes, I agree with that or not agree with that? She said, yes, I agree with that or not agree with that? She said, yes, I agree with that or not agree with that? She said, yes, I agree with that or not agree with that? She said, yes, I agree with that or not agree with that? She said, yes, I agree with that or not agree with that? She said, yes, I agree with that or not agree with that? She said, yes, I agree with that or not agree with that? She said, yes, I agree with that or not agree with that? She said, yes,			16	property, is going to be able to retain their	
18 done.  19 MR. LEE: 20 May I speak since you brought me up 21 several times? 22 CHAIRMAN WASHER: 23 Hold up. You're out of order. 24 MR. LEE: 25 Sir? 26 MR. LECHNER: 27 Limean, I just don't understand where the water is going to go. 27 MR. CARRON: 28 MR. CARRON: 29 MR. CARRON: 20 MR. CARRON: 21 Low. I mean, the road is high and the property to talking about is fairly high, but we have got to 29 MR. LEE: 20 MR. LEE: 21 I mean, I just don't understand where the water is going to go. 20 MR. CARRON: 21 Low. Each of the west that they are talking about is fairly high, but we have got to 21 Low. I mean, the road is high and the property is talking about is fairly high, but we have got to 21 Low. But when I talked to Christy this morning, I said, based on your presentation that you made last time and going out there and actually looking at the property, it looks like that maybe Paradise Lane would be kind of the boundary line between there? That's a little contrary to the motion you have, which was from AR — 25 MR. DELAHOUSEY: 26 Lane would be kind of the boundary line between the trivo. I said, do you agree with that or not agree with that? She said, yes, I agree with that, so that's where that came from. 27 I'll ask you to restate your motion with the amendment of Mr. Carron. 28 All right. We're to go ahead and vote. 29 I'll ask you to restate your motion with the amendment of Mr. Carron. 29 MR. KING: 20 MR. COLLINS: 21 Correct. Yes. 21 Correct. Yes. 22 MR. COLLINS: 23 Intend. Tyou look at it., you can see the water — the land starting to fall off. 24 MR. COLLINS: 25 Lane? 26 MR. CREEL: 27 Intend. Tyou for motion calls for Joe Husley Road and you recommended Paradise Lane? 28 What's between those two that's — 29 MR. CREE. 20 MR. KING: 21 Correct. Yes. 22 MR. CREEL: 21 Intend. Tyou for the water — the land starting to fall off. 22 Joe Husley Road going west is higher ground. It's a lot h		• •	17		
19 MR. LEE: 20 May I speak since you brought me up 21 several times? 21 CHAIRMAN WASHER: 22 CHAIRMAN WASHER: 23 Hold up. You're out of order. 24 MR. LEE: 25 Sir? 26 MR. LEE: 27 The property to the west that they are talking about is fairly high, but we have got to 28 part of that drainage area. 29 Dy all want to look at this further or today, be it AR or whatever and move on from there? That's a little contrary to the motion you have, which was from AR 29 MR. DELAHOUSEY: 30 La Iright. We're to go ahead and vote. 41 Pill ask you to restate your motion with the amount of the for Joe Husley Road going north 20 MR. KING: 31 CHAIRMAN WASHER: 42 Lane? 43 La low area, yes. 44 Lane? 45 MR. LEE: 46 Lane was in the value of the water is going to go. 47 MR. LER: 48 Lane? 49 MR. COLLINS:  From Joe Husley Road, if you look at it if you go out there and look at it, you can see the water the land starting to fall off.	
24 MR. CREEL: 24 flow issues and retainage like the other thing.	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	Do y'all want to look at this further or do y'all want to go ahead and make a decision today, be it AR or whatever and move on from there? That's a little contrary to the motion you have, which was from AR MR. DELAHOUSEY:  I call for the question. I call for the question and ask for a vote.  CHAIRMAN WASHER:  All right. We're to go ahead and vote.  I'll ask you to restate your motion with the amendment of Mr. Carron.  MR. KING:  I've got a question. Your motion calls for Joe Husley Road and you recommended Paradise Lane?  MR. DELAHOUSEY:  Correct. Yes.	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	last time and going out there and actually looking at the property, it looks like that maybe Paradise Lane would be kind of the boundary line between the two. I said, do you agree with that or not agree with that? She said, yes, I agree with that, so that's where that came from.  MR. DELAHOUSEY:  Could we ask Mr. Collins again to explain why he recommended Joe Husley Road?  MR. COLLINS:  From Joe Husley Road going north  CHAIRMAN WASHER:  Come up here so we can pick you up, please, sir.  MR. COLLINS:  From Joe Husley Road, if you look at it if you go out there and look at it, you can see the water the land starting to fall off.  Joe Husley Road going west is higher ground. It's

	73			7
1	straight north from there, I would say because	1	MR. DELAHOUSEY:	
2	Williams' property, it's in that low area and he's	2	Thank you. Yes.	
3	got I'm pretty sure he's got flooding problems	3	MR. DELLENGER:	
4	after really hard rains and stuff. He's got	4	Jerry, I have got a question. If you	
5	issues there, too, so he I mean, that needs to	5	did a portion of it to AR and it's a five-acre	
6	all remain just as it is and be protected as	6	minimum, what if property size is less than	
7	watershed for that whole area.	7	five acres?	
8	Because I don't know if there is anybody	8	MR. CREEL:	
9	here from Paradise Lane or up in that subdivision	9	They wouldn't be able to build on it.	
10	that can tell you how often they get flooded out	10	MR, DELLENGER:	
11	because they do get flooded out. They get flooded	11	So your property is deemed worthless?	
12	out regularly just like we did living on the	12	MR. CREEL:	
13	river. But, you know, I say Joe Husley Road going	13	The five acre is one of those things	
14	north to the west is what needs to remain in the	14	where AR does allow one single-family house,	
15	watershed be considered the watershed for that	15	but you have to have five acres minimum size in	
16	area and remain protected, you know.	16	order to build that house.	
17	The other area, the west to the west	17	But there is another part of this, too,	
18	of that, that's high enough where, you know, you	18	if we change it to AR, then we present it to FEMA	
19	could do something with that. That is it's	19	that we have changed it to AR and from that point	
20	feasible to do some things with it. It's still	20	forward, we have to answer for whatever goes on	
21	got issues because it had no water and sewer and	21	that property. And even though FEMA will not tell	
22	stuff like that through there, but still, it's	22	you this, regulations are written in these	
23	high enough ground that it's not going to present	23	high-risk areas to prohibit development, you know.	
24	the problems that this other area would.	24	MR. DELLENGER:	
25	Does that answer you?	25	So if I had four acres and it's zoned AR	
				_
	75			7
1	now, I can't do anything with that property? It's	1	district classification for 73 parcels of land	
2	essentially worthless?	2	from their present zoning district classification	
3	MR. CREEL:	3	of Agricultural and Regional Business to	
4	No. I mean, there are some other things	4	Agricultural Restrict Business and LB with the	
5	in there. We mentioned botanical gardens and some	5	dividing line being Joe Husley Road.	
6	other things that could go in there. But as far	6	CHAIRMAN WASHER:	
7	as building a structure on it, that wouldn't	7	Dividing line for LB?	
8	MR. DELLENGER:	8	MR. DELAHOUSEY:	
9	You're going to deem somebody's property	9	Yes.	
10	worthless, then.	10	MR. DELLENGER:	
11	CHAIRMAN WASHER:	11	So everything west of Joe Husley is LB	
10	All right. Stove you want to an ahead	12	instead of AR?	

All right. Steve, you want to go ahead 12 13 and restate your motion? MR. DELAHOUSEY: 14 Yes. 15 MR. CARRON: 16 Before you do, Steve, I went to Google 17 Earth and if you look on this map here, you can 18 actually see a little line in here. That's Joe 19 Husley Road and it's just above what would be the 20 northeast corner of that AR property. So that 21

kind of isolates it pretty good.

I recommend that we approve the zoning

map amendment and modify it to change the zoning

MR. DELAHOUSEY:

22

23

24

25

MR. DELAHOUSEY: 13 14 Yes. 15 DR, DRAWDY: You talking about all 73 acres of land? 16 17 MR. CREEL: It would be split. Everything to the 18 east of Joe Husley would be AR, the Agricultural 19 Restricted, and then the properties to the west 20 back over where it is developed would be LB. 21 That's what he is recommending. 22

DR. DRAWDY: 23

Limited business? MR. CREEL:

24

			A second
	77		
1	Yes, sir.	1	You can make that motion.
2	CHAIRMAN WASHER:	2	MR. DELLENGER:
3	Okay. We'll call for the vote. All	3	I'll make a motion that we leave it as
4	those in favor of same, raise your hand, please.	4	it stands.
5	Mr. Carron and Mr. Delahousey.	5	MR. STANOVICH:
6	Any opposed? Mr. Lechner,	6	I'll second that.
7	Mr. Stanovich, Mr. Bogard, Mr. Dellenger,	7	CHAIRMAN WASHER:
8	Mr. Poulos, Dr. Drawdy, Mr. King, Mr. Snow;	8	Mr. Dellenger recommended leaving it as
9	myself, David Washer.	9	it is, no changes to be made; seconded by
0	Any abstentions? Mr. Todaro abstains.	10	Mr. Stanovich.
1	That didn't pass.	11	Any discussion on that?
2	MS. LENA:	12	(No discussion.)
3	That didn't pass.	13	CHAIRMAN WASHER:
4	MR. CARRON:	14	All those in favor, raise your hand,
5	We need to have another motion.	15	please.
6	MR. DELLENGER:	16	Mr. Lechner, Mr. Stanovich,
7	That just died for lack of a motion.	17	Mr. Dellenger, Mr. Poulos, Dr. Drawdy; myself,
8	MR. CREEL:	18	David Washer.
9	No. That was denied. So somebody can	19	Any opposed? Mr. Bogard, Mr. Carron,
20	make another recommendation if they want to or	20	Mr. King, Mr. Snow, Mr. Delahousey.
21	y'all can vote to continue it if you want to get	21	MR. CREEL:
22	more information.	22	Six to five.
23	MR. DELLENGER:	23	MR. TODARO:
24	Or recommend we leave it as is?	24	You didn't ask for abstentions.
25	MR. CREEL:	25	MS. LENA:
	79		11 2 3 4 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1
1	We had one abstain?	1	You know that we only have six council
2	CHAIRMAN WASHER:	2	members now until the special election in
3	Yes.	3	February.
4	MR. TODARO:	4	Okay. And then the next item was a
5	And the reason I'm abstaining, I have	5	minor subdivision plat approval for 127 and 133
6	family represented on some of these properties.	6	Iberville. That's where originally this property
7	MS. LENA:	7	had three parcels on it. At some point, they had
8	Six to five to leave it alone. So the	8	converted it to two parcels and then the new owner
9	zoning map amendment would be denied. Is that how	9	wanted to convert it back to three parcels. And
0	we would write that?	10	it is zoned single-family residential, and that
1	CHAIRMAN WASHER:	11	case was approved five to one.
2	Okay. That's the end of the continued	12	CHAIRMAN WASHER:
3	public hearings.	13	Thank you. Any old business to come
14	There are no new public hearings.	14	before us today? Any new business?
5	No tree hearings.	15	(No response.)
6	City Council Action?	16	CHAIRMAN WASHER:
7	MR. CREEL:	17	We'll open the floor for any citizens'
8	There were two cases that were heard	18	comments. Any comments?
9	this past week.	19	(No response.)
20	Item D on the agenda I'm sorry.	20	CHAIRMAN WASHER:
21	Item C on the agenda was a request for a	21	Just a reminder, our next meeting for
22	conditional use to authorize two existing duplexes	22	the Planning Commission will be here on Thursday,
_	as short-term rentals, 238 A and B and 242 A and B	23	February 1st. If nothing else to come before the
23	as short-term remains, 230 M and D and 242 M and D		
23 24	Rodenberg Avenue. That vote was three to three.	24	Planning Commission, we're going to adjourn.

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25	CERTIFICATE OF COURT REPORTER  I, MELISSA BURDINE-RODOLFICH, Court Reporter and Notary Public, in and for the County of Harrison, State of Mississippi, hereby certify that the foregoing pages, and including this page, contain a true and correct copy of my stenotype notes and/or electronic tape recording of the public hearing(s) of the witness, as taken by me at the time and place heretofore stated, to the best of my skill and ability.
